

SVAPL Website Discovery Questionnaire

Comprehensive questionnaire to align strategic objectives, collect assets, and finalize requirements before website design and development.

1. What is the primary reason for building the website now?

To have online presence for the company

2. What should the website achieve in the next 12 months?

To showcase our strengths n capabilities to probable customers

3. What should visitors immediately understand within the first 5–10 seconds?

What we do and our products

4. Which audience is the highest priority?

- ☒ Government agencies
- ☒ Defence organizations
- ☒ Global aerospace companies
- ☐ Vendors/partners
- ☐ Recruitment/talent
- ☒ Investors
- ☐ Media/public

5. Is the website mainly intended for:

- ☐ Brand presence
- ☒ Capability showcase
- ☐ Business inquiries
- ☒ International partnerships
- ☒ Recruitment
- ☐ Future expansion

6. What type of inquiries do you expect from the website?

- ☐ RFQs
- ☒ Manufacturing partnerships
- ☐ Vendor inquiries
- ☐ Recruitment
- ☒ Media
- ☒ Defence collaborations

Strategic Positioning

7. How should SVAPL be positioned digitally?

- ☐ Aerospace manufacturing leader
- ☒ Defence systems partner
- ☒ Precision engineering company
- ☐ Global supplier
- ☒ Mission-critical manufacturing company
- ☐ Technology-driven organization

8. What differentiates SVAPL from competitors?

We have expertise in welding, machining and riveting

9. Which achievements should be highlighted most prominently?

High end alloys welding , machining , riveting sub assemblies

10. Which programmes/products are most important commercially?

Pslv,gslv, LVM3, PRALAY, TARA, LRASHM, SAGARIKA SERIES, A1 PRIME etc

11. Are there upcoming capabilities or future expansions that should be strategically included?

Yes new manufacturing facility in 3acres with 1st phase shop floor area of 45,000 sft

12. Are there any competitors or companies whose digital presence you admire?

Dhruva aerospace ,

Confidentiality & Approval

13. Which products/programmes can be publicly displayed?

14. Are there any restrictions on the following content?

	No restrictions	Moderate restrictions	Strictly restricted
DRDO-related content	☐	☒	☐
ISRO programme mentions	☒	☐	☐
Manufacturing visuals	☒	☐	☐
Facility photography	☒	☐	☐
Technical specifications	☐	☒	☐

15. Is there any information that should NOT be shown publicly?

Will be highlighted if any

16. Who will approve the following assets/processes?

Sandeep Reddy

17. Is there any internal compliance/security approval process before publishing?

☒ Yes

☐ No

18. Please indicate all available materials you can share now.

- ☒ Company profile
- ☒ Product catalogues
- ☒ Capability presentations
- ☒ Technical documents
- ☒ Certificates
- ☒ Awards/recognitions
- ☐ Corporate presentations

19. Is there updated company content beyond the existing brochure?

- ☐ Yes
- ☒ No
- ☐ Unsure

20. Will SVAPL provide final written content, or should copywriting support be included?

- ☒ SVAPL will provide final content
- ☐ Copywriting support is required

21. Should the website content feel:

- ☒ Technical
- ☒ Corporate
- ☐ Global
- ☐ Minimal
- ☒ Defence-focused
- ☐ Engineering-heavy

22. Should the website include:

- ☒ Leadership message
- ☒ Company history timeline
- ☒ Facility overview
- ☒ Manufacturing workflow
- ☒ Quality process
- ☐ Case studies
- ☐ Project highlights

Product & Capability Showcase

23. Which products should receive dedicated sections/pages?

.....

24. Which manufacturing capabilities are most important to showcase?

.....

25. Which machinery/equipment should be highlighted?

26. Are technical specifications approved for public display?

- ☐ Yes, full specs
- ☒ Yes, limited specs
- ☐ No

27. Should downloadable PDFs/specification sheets be available?

- ☐ Yes
- ☒ No

28. Are there future products/programmes expected to be added frequently?

- ☐ Yes, frequently
- ☒ Occasionally
- ☐ No

Media & Visual Assets

29. Do you currently have the following visual assets?

- ☒ Professional facility photographs
- ☒ Product photography
- ☒ Machine/process photography
- ☐ Team/leadership photographs
- ☒ Drone footage
- ☒ Manufacturing videos
- ☒ Inspection/testing videos

30. Are updated photographs required?

- ☒ Yes, mandatory updates
- ☐ Preferred, but existing assets are usable
- ☐ No, existing assets are sufficient

31. Are factory visits/photoshoots possible if needed?

- ☐ Yes
- ☒ No

32. Do you have CAD renders or technical visualizations?

- ☐ Yes
- ☒ No

33. Are there approved logos of ISRO/DRDO/HAL/BEL/BDL that can be used?

- ☒ Yes, approved for use
- ☐ No, usage is restricted

34. Are there any media usage restrictions?

No

UX, Design & Brand Direction

35. Based on the references shared, which direction feels closest to your expectation?

- ☐ Futuristic aerospace
- ☐ Corporate aerospace
- ☒ Defence-tech
- ☐ Minimal industrial
- ☐ Cinematic/immersive
- ☐ Engineering-focused

36. Should the website feel:

- ☒ Premium
- ☒ Technical
- ☒ Aggressive
- ☐ Minimal
- ☐ Global
- ☐ Government-grade
- ☐ Innovation-focused

37. How important are animations/motion effects?

- ☐ Minimal (focus on clarity)
- ☒ Moderate (subtle transitions)
- ☐ High-end immersive (major design element)

38. Should the experience prioritize:

- ☐ Performance/speed
- ☒ Visual impact
- ☐ Technical depth
- ☐ Simplicity

39. Are 3D visuals/interactive sections expected?

- ☐ Yes
- ☒ No
- ☐ Maybe, depends on cost

40. Should the website maintain a dark aerospace theme similar to the proposal direction?

- ☒ Yes, maintain dark theme
- ☐ No, prefer lighter theme
- ☐ Open to suggestions

41. Which features are required for the initial launch?

- ☒ Contact form
- ☐ RFQ form
- ☒ Careers page
- ☐ Download center
- ☒ News/updates section
- ☒ Admin panel/CMS
- ☐ Multi-language support
- ☐ Search functionality
- ☐ Analytics integration
- ☐ WhatsApp integration

42. Should the team be able to update content internally after launch?

- ☒ Yes
- ☐ No (agency managed)

43. Will frequent updates/news/articles be posted?

- ☐ Yes, monthly/weekly
- ☒ Occasionally (quarterly)
- ☐ Rarely

44. Are there any future integrations planned?

Yes in future

45. Has a domain already been purchased?

☒ Yes

☐ No

46. Is hosting already available?

☒ Yes

☐ No

47. Who will manage:

Company

48. Are official business emails already configured?

☒ Yes

☐ No

49. Is there an internal IT team involved?

☐ Yes

☒ No

Timeline & Workflow

50. Is there a target launch timeline?

14-20 days

51. Is the website tied to any event/exhibition/announcement?

Yes

52. What is the preferred communication workflow?

WhatsApp

Email

Calls

Weekly meetings

53. Who will coordinate asset/content collection internally?

Sandeep and prasanna

54. What could delay approvals/content collection?

If proper communication is not there

Final Strategic Alignment

55. What is the single most important thing this website must accomplish?

To showcase company capabilities

56. What should the website NEVER feel like?

To many subs and too flashy

57. What concerns do you currently have about the project?

Non as of now

58. What would make this project exceptionally successful for SVAPL?

Required Assets Checklist Before Design Starts

Branding Assets Available:

- ☒ Logo files (AI/SVG/PNG)
- ☐ Brand colors/fonts

Content Assets Available:

- ☒ Final company profile
- ☒ Product details
- ☒ Certifications
- ☒ Capability documents

Media Assets Available:

- ☒ Product photographs
- ☒ Facility photographs
- ☒ Videos/drone footage
- ☒ Leadership/team photos

Technical Assets Available:

- ☒ Domain details
- ☒ Hosting access
- ☒ Official contact information

Approval Status:

- ☐ Public-use approvals secured
- ☐ Sensitive-content restrictions documented
- ☐ Final stakeholder list defined
